

What or who is the Parent Advisory Council (PAC)?

PACs are often most known for volunteer fundraising for things like school equipment and community events, but at its core the PAC is a forum provided through the School Act to discuss matters affecting your school and your children's education. Parents' voices are a tremendous value to their school. PACs strive to represent the diversity within their communities and contribute to the benefit of all students by:

- openly discussing parents' concerns and aspirations for their schools
- involving parents in volunteer activities
- providing opportunities to educate and inform parents about the school

All parents and caregivers of BCE students are automatically full voting members of the BCE PAC, and are invited to participate both in general meetings and events. If you'd like to get involved, please let us know!

The easiest way to reach out to the executives, coordinators, and representatives is by emailing us at bcepac@gmail.com. This email address is monitored by the current president, vice president, and secretary, and we're more than happy to connect you with our volunteers!
